Tanner,

I want to express my personal appreciation for your participation in our Innovate DTLA symposium. The event was a huge success, in great measure because of the quality of participants like yourself, and the enthusiasm you brought to the endeavor.

The leadership symposium marked the launch of our broader initiative on "*Building the Next Great Innovation District in Downtown Los Angeles*", and leaders like you will be critical to the success of that effort, so we will keep you posted on our progress.

Thanks again and please feel free to reach out with any questions or comments you might have specific to the symposium or on the initiative in general.

All the best,

Nick
